

## Bachelor of Arts in Architectural Design

The Department of Architecture offers a Bachelor of Arts with a major in Architectural Design for students who are interested in the professional practice of architecture.

### EXPLORING ARCHITECTURE AS A MAJOR

Students interested in architecture as a major should consider taking appropriate elective courses before their sophomore year. ARCH 100: Introduction to Architecture: is a summer career exploration studio and lecture course open to undergraduate and graduate students and serves as an excellent introduction to the major. College-level art, graphics, and design courses are good preparation for prerequisite classes ARCH 200, 201: Design and Representation I and II. ARCH 150, 151: Appreciation of Architecture I and II and ARCH 251: World Architecture: Non-Western Cultures can be taken in preparation for the prerequisite 300-level architectural history sequence.

### DUAL DEGREE WITH CONSTRUCTION MANAGEMENT

The department offers a 5-year dual BA in Architectural Design / BS in Construction Management with the Department of Construction Management; please see the sheet specific to the dual degree program for more information.

### HONORS

#### UW COLLEGE HONORS

To earn a College Honors Degree, students already enrolled in the university-wide college honors program must complete both the 47 credits of Interdisciplinary Honors and Departmental Honors requirements. (Diploma reads "With College Honors in Architectural Design")

#### DEPARTMENTAL HONORS

Students with a minimum 3.3 UW gpa can apply to the Architecture Departmental Honors track. Students must take 9 credits of honors-specific courses and achieve a 3.6 gpa in their Architecture coursework to earn Departmental Honors in Architecture. The adviser will guide students through their options once admitted to the program. (Diploma reads "With Honors in Architectural Design")
