

MAAIKE POST AIA, DBIA

Associate
The Miller Hull Partnership, LLP

PROFESSIONAL REGISTRATIONS

DBIA Certified Professional, 2023
Registered Architect: Washington, 2017

EDUCATION

Master of Science
University of Technology Faculty of
Architecture, Delft, the Netherlands, 2003

Bachelor of Science
University of Technology Faculty of
Architecture, Delft, the Netherlands, 2000

AFFILIATIONS AND ACTIVITIES

Member

Design-Build Institute of America (DBIA)
American Institute of Architects (AIA)

Lectures & Reviews

Guest Reviewer, ARCH400 University of
Washington CBE Architecture, October
11, 2024

Guest Lecturer, The Critical Detail,
ARCH570 University of Washington CBE
Architecture, March 6, 2024

Guest Studio Desk Crit, ARCH570
University of Washington CBE
Architecture, February 8, 2024

Led student tour and discussion, Hans
Rosling Center, ARCH530 University of
Washington CBE Architecture, November
2022

Led student tour and discussion,
Renton Library, ARCH530 University of
Washington CBE Architecture, May 2016
& October 2017

Volunteer, Design Charette for incoming
architecture students, University of
Washington CBE Architecture, September
2018, 2019, & 2024

Guest Lecturer, Project Case Study,
Technical Seminar at BHDP Architecture,
Cincinnati, OH, October 10, 2009

EXPERIENCE

2008-present, The Miller Hull Partnership,
Seattle, WA

2006-2007, Marmol Radziner and
Associates, Los Angeles, CA

2005-2006, bau10 Sustainable Design,
LLC., Los Angeles, CA

2004-2005, William Hefner Architects, Los
Angeles, CA

2002-2003, Gremmen Architecture &
Interior, Rotterdam, the Netherlands

Creating spaces where everyone feels welcomed — this is what makes Maaïke happy. “I love having a hand in buildings that everyone can use and enjoy,” like libraries or community centers, what Maaïke refers to as the last truly equitable social (built) spaces of our society. With much of her life spent in her home country of the Netherlands, Maaïke brings a different outlook to the industry. “This strong connection to two different places gave me a wider perspective on the world, so I try to keep this broader lens when I think through topics like design, technology, and sustainability.”

Maaïke works primarily on public projects, appreciating the kind of collaborative creativity and flow of ideas that the process always yields. Although she considers herself a generalist, her interest in structural engineering and her experience in coordinating and detailing many projects have given her a solid technical base of knowledge. At the same time, she aims to stay true to the design concepts developed early on in each project and has even been nicknamed ‘the clarity police’ in the past.

But for as much as she has always enjoyed exploring the ways a building comes together, it’s ultimately no match for imagining, designing, and creating the spaces that anyone and everyone can fill.

Selected Project Experience

- Central Library, Deschutes County Bond Libraries, Bend, OR, Project Architect
- Burbank New Central Library Preliminary Study, Burbank, CA, Project Manager
- Green Lake Community Center and Pool Predesign Study, Seattle, WA, Project Manager & Project Architect
- Hans Rosling Center for Population Health, University of Washington, Seattle, WA, Project Architect
- U.S. Consulate, Casablanca, Morocco
- U.S. Embassy Compound, Guatemala City, Guatemala
- Lewiston Library, Lewiston, ID
- Kirkland Public Safety Building, Kirkland, WA
- Renton Library, Renton, WA, Project Manager & Project Architect
- Library, University of Idaho, Moscow, ID
- Mercer Island Library, Mercer Island, WA
- Bullitt Center, Seattle, WA
- Robinson Science Hall, Whitworth University, Spokane, WA
- Vancouver Community Library, Vancouver, WA
- LOTT Clean Water Alliance Regional Services Center, Olympia, WA
